### *About Dover Renaissance...*

#### RENAISSANCE

*“a rebirth, a revival, a new beginning”*

Twenty-seven years ago a group of concerned residents hoped to revive the spirit of community involvement in Dover, New Jersey. Thus began “Dover Renaissance, Inc.”, a non-profit organization founded to foster pride in the town’s residential communities and to project a more positive image of Dover to its neighbors.

Now in the 21<sup>st</sup> Century, the objectives of the Dover Renaissance, Inc. have expanded beyond just the residential communities and include improving the quality of life for the entire Dover community.

Dover Renaissance, Inc. is proud of the difference it has made in Dover over the years. The “rebirth” it began has had a positive impact on many people and many areas of life in this wonderful community. Clearly, this is something to celebrate!

---

### *Membership...*

Dover Renaissance, Inc. is open to all who are interested in bringing positive change to Dover. Members need not be residents of the town. Membership in the organization creates friendships and a sense of neighborly connection among members and the town’s people. Meetings are held on the third Monday of the month at the Dover Historical Society Museum. Please contact 973 361-4789 if interested.
