REVISED

The activation of the temporary signalized intersection is rescheduled from 1/22/10 to 1/29/10 to provide adequate time for the signal to be in flash mode before activation

Date: **January 21, 2010**

Project: **Route 46 Section 7L & 8K**

Route/Direction/MP: **Route 46 / EB & WB / vicinity of MP 38.2**
Temporary Signalized "T" Intersection of Route 15 with Route 46

Municipality/County: **Dover / Morris County**

Nature of work: **The existing ramp from Route 46 WB to Route 15 NB will be widened to accommodate two-way traffic and Route 15 will now terminate at a temporary signalized intersection at Route 46 while the new permanent intersection and associated structures are constructed. Route 15 will no longer pass under Route 46.**

Anticipated Traffic Impacts:

No impacts are foreseen as there will now be a temporary signalized intersection at Route 46 and Route 15. The temporary intersection will be in the same location as the existing ramp from Route 46 WB to Route 15 NB.

Richboyington Road will also be closed at its southern entrance to Route 15. Richboyington Road is a loop beginning and ending at Route 15 and all traffic will now use the northern entrance.

Description of New Traffic Pattern:

New temporary signalized Route 46 & Route 15 intersection.
Closure of the Route 15 southern entrance to Richboyington Road.

Businesses in the area have been contacted and the Town of Dover has been notified previously

Proposed Start Date of New Traffic Pattern:

Friday January 29, 2010 @ 9:00 pm

Any other comments:

Resident Engineer: Alex Borovskis – 732-921-3719 (cell), 973-664-1009 (Office)
