Independent Auditors' Report

The Honorable Mayor and Members of the Board of Aldermen Town of Dover Dover, New Jersey

Report on the Financial Statements

We have audited the financial statements – *regulatory basis* - of the various funds of the Town of Dover in the County of Morris (the "Town") as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), to demonstrate compliance with the Division's regulatory basis of accounting, and the budget laws of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed or permitted by the Division and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Honorable Mayor and Members of the Board of Aldermen Town of Dover Page 2 April 6, 2017

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, these financial statements have been prepared by the Town on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for the Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly in accordance with accounting principles generally accepted in the United States of America the financial position of each fund and account group of the Town as of December 31, 2016 and 2015, or the changes in financial position or where applicable, cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds and account group of the Town of Dover as of December 31, 2016 and 2015, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended on the basis of accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, as described in Note 1.

Emphasis of Matter

As discussed in Note 17 to the financial statements, the Town implemented Governmental Accounting Standards Board ("GASB") Statement No. 77, *Tax Abatement Disclosures*, during the year ended December 31, 2016. Our opinions are not modified with respect to this matter.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements of the various funds that collectively comprise the Town's financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance") and New Jersey's OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the financial statements.

The Honorable Mayor and Members of the Board of Aldermen Town of Dover Page 3 April 6, 2017

The supplementary data schedules and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the various fund financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the various fund financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary data schedules and the schedules of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 6, 2017 on our consideration of the Town of Dover's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Dover's internal control over financial reporting and compliance.

TOWN OF DOVER NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2016

Note 1: Summary of Significant Accounting Policies

A. <u>Reporting Entity</u>

Except as noted below, the financial statements of the Town of Dover include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Town of Dover, as required by N.J.S. 40A:5-5.

Governmental Accounting Standards Board ("GASB") Codification Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met: (1) The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents. (2) The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization. (3). The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of GASB Codification Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. <u>Description of Funds</u>

The accounting policies of the Town of Dover conform to the accounting practices applicable to municipalities which have been prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Town of Dover accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Funds</u> - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

B. <u>Description of Funds</u> (Cont'd)

<u>Water Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned water utility.

<u>Parking Utility Operating and Capital Funds</u> - Account for the operations and acquisition of capital facilities of the municipally owned parking utility.

<u>General Fixed Assets Account Group</u> - These accounts were established with estimated values of land, buildings and certain fixed assets of the Town as discussed in Note 1E.

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The more significant accounting policies in New Jersey follow.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey. Grant revenue is realized in the Operating Funds when it is budgeted and in the Capital Funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations based on budgeted amounts. Exceptions to this general rule include:

- 1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
- 2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
- 3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

C. Basis of Accounting (Cont'd)

The cash basis of accounting is followed in the Trust Funds.

Had the Town's financial statements been prepared under accounting principles generally accepted in the United States of America, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when awarded or budgeted; inventories would not be reflected as expenditures at the time of purchase; investments would generally be stated at fair value; fixed assets purchased by the Utility Capital Funds would be depreciated, and the Town's net pension liability and related deferred inflows and outflows would be recorded.

- D. <u>Deferred Charges to Future Taxation</u> The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded means that bonds have been issued and are being paid off on a serial basis. Unfunded means that debt has been authorized but not permanently financed. A municipality can eliminate an unfunded deferred charge by raising it in the budget or collecting a grant. The unfunded deferred charge may also be funded by selling bonds and by issuing loans or capital lease purchase agreements.
- E. Other significant accounting policies include:

<u>Management Estimates</u> – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

<u>Cash and Cash Equivalents</u> – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

<u>Investments</u> - Investments are stated at fair value, except for certificates of deposits which are stated at cost.

<u>Grants Receivable</u> – Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

<u>Allowance for Uncollectible Accounts</u> – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

<u>Compensated Absences</u> – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

<u>Foreclosed Property</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Note 1: <u>Summary of Significant Accounting Policies</u> (Cont'd)

E. Other significant accounting policies include: (Cont'd)

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets, except for the Water Utility Operating Fund. The value of inventory is offset by a reserve.

<u>General Fixed Assets Account Group</u> - General fixed assets are recorded at historical cost as estimated by the independent appraisal company which conducted an inventory of the Town's equipment during 2001 plus the cost of any additions since 2001 except for land (which is recorded at the 1987 assessed cost) and buildings (which are recorded at historical cost). Infrastructure assets are not included in general fixed assets, as per state directive.

<u>General Fixed Assets Account Group (Cont'd)</u> – Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided for on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the General Fixed Assets Account Group may also be recorded in the Current, General Capital, Water Utility and Parking Utility Funds. The values recorded in the General Fixed Assets in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Fixed assets are reviewed for impairment.

Property and equipment purchased by the Utility Funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represent charges to operations for the costs of acquisitions of property, equipment and improvements. The Utility Funds do not record depreciation on fixed assets.

<u>Budget/Budgetary Control</u> – Annual appropriated budgets are usually prepared in the first quarter for the Current, Water Utility Operating and Parking Utility Operating Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Town during the year.

Note 2: Long-Term Debt

Summary of Municipal Debt

Parking Utility Fund

Total

The Local Bond Law governs the issuance of bond to finance general Town capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Town are general obligation bonds. The Town's full faith and credit and taxing power has been pledged to the payment of the general obligation debt principal and interest.

Note 2: Long-Term Debt (Cont'd)

Net Pension Liability

The State of New Jersey Public Employees' Retirement System's (PERS) net pension liability was calculated to be \$11,204,470 at December 31, 2015. The State of New Jersey Police and Firemen's Retirement System's (PFRS) net pension liability was calculated to be \$20,326,971 at December 31, 2015. See Note 5 for further information on the PERS and PFRS.

Note 3: Fund Balances Appropriated

Fund balances at December 31, 2016, which were appropriated and included as anticipated revenue in the adopted budget for the year ending December 31, 2017, were as follows:

Current Fund	\$ 1,325,000
Water Utility Operating Fund	349,797
Parking Utility Operating Fund	50,000
	\$ 1,724,797

Note 4: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Town of Dover has elected not to defer school taxes.

Note 5: Pension Plans

Town employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employee's Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS); or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

A. Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multipleemployer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

Note 5: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing members. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. Town contributions to PERS amounted to \$417,384 for 2016.

The employee contribution rate was 7.06% effective July 1, 2015 and increased to 7.20% effective July 1, 2016. Subsequent increases after October 1, 2011 are being phased in over 7 years effective on each July 1st to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

Note 5: <u>Pension Plans</u> (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Pension Liabilities and Pension Expense

At December 31, 2015, the Town's liability was \$11,204,470 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2015, the Town's proportion was 0.0499%, which was a decrease of 0.001% from its proportion measured as of June 30, 2014. The Town has rolled forward the net pension liability to December 31, 2015 with no adjustments. The State of New Jersey Public Employee's Retirement System (PERS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Services, State of New Jersey is permitting municipalities to include the June 30, 2015 pension information in the Notes to the Financial Statements as the June 30, 2016 has not has not been released as of the date of this audit.

For the year ended December 31, 2016, the Town recognized actual pension expense in the amount of \$417,384.

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.04%
Salary Increases:	
2012-2021	2.15 – 4.40% based on age
Thereafter	3.15 - 5.40% based on age
Investment Rate of Return	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback one year for females) are used to value disabled retirees.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Note 5: <u>Pension Plans</u> (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2015 are summarized in the following table:

I and Tame

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Cash	5.00%	1.04%
U.S. Treasuries	1.75%	1.64%
Investment Grade Credit	10.00%	1.79%
Mortgages	2.10%	1.62%
High Yield Bonds	2.00%	4.03%
Inflation-Indexed Bonds	1.50%	3.25%
Broad U.S. Equities	27.25%	8.52%
Developed Foreign Equities	12.00%	6.88%
Emerging Market Equities	6.40%	10.00%
Private Equity	9.25%	12.41%
Hedge Funds/Absolute Return	12.00%	4.72%
Real Estate (Property)	2.00%	6.83%
Commodities	1.00%	5.32%
Global Debt ex. U.S.	3.50%	-0.40%
REIT	4.25%	5.12%

Discount Rate

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9% and a municipal bond rate of 3.80% as of June 30, 2015 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based upon the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments through 2033.

Note 5: Pension Plans (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

Sensitivity of the Town's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the collective net pension liability as of December 31, 2015 calculated using the discount rate as disclosed below, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Dece	mber 31, 2015				
		1%		Current		1%
		Decrease Discount Rate (3.90%) (4.90%)		Increase (5.90%)		
Town's proportionate share of the Net Pension Liability	\$	13,925,785	\$	11,204,470	\$	8,922,939

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial statements.

B. Police and Firemen's Retirement System (PFRS)

Plan Description

The State of New Jersey, State of New Jersey Police and Firemen's Retirement System (PFRS), is a costsharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrprts.shtml.

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after 4 years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Note 5: <u>Pension Plans</u> (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Contributions

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. The June 30, 2015 State special funding situation net pension liability amount is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The fiscal year ending June 30, 2015 State special funding situation pension expense is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2015. The pension expense is deemed to be a State administrative expense due to the special funding situation. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer specific funded amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the local participating employer.

Town contributions to PFRS amounted to \$1,075,729 for the year ended December 31, 2016. During the fiscal year ended June 30, 2015, the State of New Jersey contributed \$92,794 to the PFRS for normal pension benefits on behalf of the Town, which is less than the contractually required contribution of \$222,354.

The employee contributions for PFRS are 10.00% of employees' annual compensation, as defined.

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Pension Liabilities and Pension Expense

At December 31, 2015, the Town's liability for its proportionate share of the net pension liability was \$20,326,971. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2015, the Town's proportion proportion was 0.122%, which was an increase of 0.005% from its proportion measured as of June 30, 2014. The Town has rolled forward the net pension liability to December 31, 2015 with no adjustments. The State of New Jersey Public Employee's Retirement System (PERS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Services, State of New Jersey is permitting municipalities to include the June 30, 2015 pension information in the Notes to the Financial Statements as the June 30, 2016 has not has not been released as of the date of this audit.

Additionally, the State's proportionate share of the net pension liability attributable to the Town is \$1,782,607 as of December 31, 2015. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. The State's proportionate share of the net pension liability associated with the Town was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2015, the State's proportion was 0.122%, which was an increase of 0.005% from its proportion measured as of June 30, 2014 which is the same proportion as the Town's. The Town has rolled forward the net pension liability to December 31, 2015 with no adjustments. The State of New Jersey Police and Firemen's Retirement System (PFRS)' valuation cycle is July 1 instead of December 31. The roll forward methodology puts them a year in arrears in terms of valuation. The Division of Local Government Services, Department of Community Services, State of New Jersey is permitting municipalities to include the June 30, 2015 pension information in the Notes to the Financial Statements as the June 30, 2016 has not has not been released as of the date of this audit.

Town's Proportionate Share of the Net Pension Liability	\$ 20,326,971
State's Proportionate Share of the Net Pension Liability Associated	
with the Town	1,782,607
Total Net Pension Liability	\$ 22,109,578

For the year ended December 31, 2016, the Town recognized total pension expense of \$1,075,729.

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014 which was rolled forward to June 30, 2015. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	3.04%
Salary Increases:	
2012-2021	2.60% - 9.48% based on age
Thereafter	3.60% - 10.48% based on age
Investment Rate of Return	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and one year using Projection Scale BB for male service retirements with adjustments for mortality improvements from the base year based on Projection Scale BB.

Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected fourteen years using Projection Scale BB for female service retirements and beneficiaries with adjustments for mortality improvements from the base year of 2014 based on Projection Scale BB.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Note 5: Pension Plans (Cont'd)

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Long Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the Board of Trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS' target asset allocation as of June 30, 2015 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	5.00%	1.04%
U.S. Treasuries	1.75%	1.64%
Investment Grade Credit	10.00%	1.79%
Mortgages	2.10%	1.62%
High Yield Bonds	2.00%	4.03%
Inflation-Indexed Bonds	1.50%	3.25%
Broad U.S. Equities	27.25%	8.52%
Developed Foreign Equities	12.00%	6.88%
Emerging Market Equities	6.40%	10.00%
Private Equity	9.25%	12.41%
Hedge Funds/Absolute Return	12.00%	4.72%
Real Estate (Property)	2.00%	6.83%
Commodities	1.00%	5.32%
Global Debt ex. U.S.	3.50%	-0.40%
REIT	4.25%	5.12%

Discount Rate - PFRS

The discount rate used to measure the total pension liability was 5.79% as of December 31, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90% and a municipal bond rate of 3.80% as of June 30, 2015 based on the Bond Buyer Go 20 Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the average of the last five years of contributions. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Note 5: Pension Plans (Cont'd)

<u>Sensitivity of the Total Net Pension Liability (including the State's proportionate share of the net pension</u> <u>liability attributable to the Town) to Changes in the Discount Rate</u>

The following presents the total net pension liability (including the State's proportionate share of the net pension liability attributable to the Town) as of December 31, 2015 calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

December 31, 2015						
		1%		Current		1%
		Decrease	D	iscount Rate		Increase
		(4.79%)		(5.79%)		(6.79%)
Town's proportionate share of the NPL and the State's proportionate share of the Net Pension Liability associated with the Town	\$	29,147,444	\$	22,109,578	\$	16,370,828

Pension

Plan Fiduciary Net Position - PFRS

Detailed information about the PFRS's fiduciary net position is available in the separately issued PFRS financial statements.

C. Defined Contribution Retirement Program (DCRP)

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

For DCRP, the Town recognized pension expense of \$12,500 for the year ended December 31, 2016. Employee contributions to DCRP amounted to \$13,236 for the year ended December 31, 2016.

Note 6: Accrued Sick and Vacation Benefits

The Town has permitted employees to accrue unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$1,554,602.37. However, it is expected that the cost of such unpaid compensation would be included in the Town's budget operating expenditures in the year in which it is used. This amount is partially funded in the Reserve for Accumulated Absences of \$262.99 on the Trust Funds balance sheet at December 31, 2016.

Note 7: Supplemental Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1.

A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

	2016*			2015	2014	
Tax Rate	\$	2.402	\$	2.055	\$	2.034
Apportionment of Tax Rate						
Municipal		1.115		0.949		0.919
County		0.268		0.220		0.235
Local School		1.019		0.886		0.880
Assessed Valuations						
2016	\$ 1,352,	109,546.00				
2015			\$ 1,464	,460,900.00		
2014					\$ 1,471,	331,200.00

Comparative Schedule of Tax Rate Information

*-Reassessment

Note 7: <u>Supplemental Tax Information</u> (Cont'd)

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		Currently		
Year	 Tax Levy	(Cash Collections	Percentage of Collection
2016	\$ 31,258,193	\$	30,675,469	98.13%
2015	30,095,611		29,198,346	97.01%
2014	29,942,138		29,210,212	97.55%

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 8: Cash and Cash Equivalents

Cash and cash equivalents include change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments are stated at fair value, except for certificates of deposit which are stated at cost. The Town classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Town in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the Town ensures that any deposit or investments matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Town limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed on the following pages.

Custodial Credit Risk – The Town's policy with respect to custodial credit risk requires that the Town ensures that Town funds are only deposited in financial institutions in which NJ municipalities are permitted to invest their funds.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

Note 8: Cash and Cash Equivalents (Cont'd)

Deposits (Cont'd)

The market value of the collateral must equal 5% of the average daily balance of public funds; and in addition

If the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Town to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Local Government Services in The Department of Community Affairs for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.17:9-41); and

Note 8: Cash and Cash Equivalents (Cont'd)

Investments (Cont'd)

(e) a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2016, cash and cash equivalents of the Town of Dover consisted of the following:

Fund	Cash on Hand		Checking Accounts	Totals
Current	\$	675.00	\$ 5,312,103.18	\$ 5,312,778.18
Animal Control			28,235.00	28,235.00
Other Trust			838,199.18	838,199.18
General Capital			1,716,403.10	1,716,403.10
Water Utility Operating		100.00	1,261,628.85	1,261,728.85
Water Utility Capital			3,885,784.70	3,885,784.70
Parking Utility Operating			159,259.25	159,259.25
Parking Utility Capital			395,204.35	395,204.35
	\$	775.00	\$13,596,817.61	\$13,597,592.61

The carrying amount of the Town's cash and cash equivalents at year end was \$13,597,592.61and the bank balance was \$13,758,503.08.

Note 9: Post-Retirement Medical/Dental Benefits

The Town of Dover provides post-retirement benefits, as follows, to Town employees who meet the following criteria:

Upon retirement, full time employees with twenty-five (25) years in the state Pension Plan at age fifty-five (55) or with twenty (20) years in the state Pension Plan at age sixty (60) will receive full hospitalization, medical and prescription benefits which will cover the retiring employees and their families. Those hired on or after February 2009 are not eligible for retiree benefits.

Funding Policy

The Town is not required to nor does it contribute the annual required contribution (ARC) per N.J.S.A. 40A:4-1 et. seq. There is currently no provision under State statute for the Town to accrue funds, create a trust or issue debt to finance their other post employment benefit ("OPEB") liability.

Currently, there are no contribution requirements of plan members.

The Town's portion of post retirement benefits is funded on a pay-as-you-go basis from the Current Fund operating budget. As of December 31, 2014, there were 110 participants receiving retiree benefits, and 83 active participants of whom 6 are eligible to retire as of the valuation date. The average age of the active population is 49 and the average age of the retiree population is 71.

Note 9: Post-Retirement Medical/Dental Benefits (Cont'd)

The Town accounts for certain post-employment health care benefits provided in accordance with Governmental Accounting Standards Board Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. Employers that participate in *single-employer* or *agent multiple-employer defined benefit* OPEB plans (sole and agent employers) are required to measure and disclose an amount for annual OPEB cost on the accrual basis of accounting. Annual OPEB cost is equal to the employer's annual required contribution to the plan (ARC), with certain adjustments if the employer has a net OPEB obligation for past under- or over contributions.

The ARC is defined as the employer's required contributions for the year, calculated in accordance with certain parameters, and includes (a) the normal cost for the year and (b) a component for amortization of the total unfunded actuarial accrued liabilities (or funding excess) of the plan over a period not to exceed thirty years. If the methods and assumptions used in determining a plan's funding requirements meet the parameters, the same methods and assumptions are required for financial reporting by both a plan and its participating employer(s). However, if a plan's method of financing does not meet the parameters (for example, the plan is financed on a pay-as-you-go basis), the parameters nevertheless apply for financial reporting purposes.

The Town as a sole employer should recognize OPEB expense in an amount equal to annual OPEB cost. Net OPEB obligations, if any, should be displayed as liabilities (or assets) in the financial statements.

Plan Description

The provisions of Chapter 88, P.L. 1974, along with any Town approved ordinances and resolutions, provide the authority for the Town to offer the post-employment health care benefits as detailed below.

The Town provides medical, prescription drug, and dental to retirees and their covered dependents that meet the appropriate requirements. The Town provides Medicare Part B reimbursement to Policemen's Benevolent Association and Superior Officer Association retirees and their covered dependents after 25 years of service. All active employees who retire from the Town and meet the eligibility criteria will receive these benefits. As of February 1, 2009, new hires are no longer eligible for lifetime post employment health care benefits. As of December 31, 2014, the valuation date, approximately 110 retirees and surviving spouses, and 83 active members meet the eligibility requirements put forth in P.L. 1992, c 126. The Town sponsors and participates in a single-employer defined benefit OPEB plan. The OPEB plan is administered by the Town and does not issue a stand-alone financial statement.

Employees are eligible to receive postretirement health benefits through the Town health plan by meeting either of the following criteria:

- Retires after 25 years or more of service in the state Pension Plan, or
- Retires at age 60 or older with at least 20 years of service in the state Pension Plan, or
- Retires at age 55 or older with at least 25 years of service in the state Pension Plan

The Town subsidizes 100% of the cost of coverage for current retirees meeting the requirements outlined above and for future retirees who have at least 25 years of service as of May 21, 2010, the Town will reimburse 100% of eligible Policemen's Benevolent Association and Superior Officer Association retiree's Medicare Part B premiums.

Note 9: Post-Retirement Medical/Dental Benefits (Cont'd)

Annual OPEB Cost and Net OPEB Obligation

The Town's annual OPEB cost is calculated based on the annual required contribution (ARC) of the employer. The Town engaged an actuary to calculate the ARC and related information per the provisions of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial accrued liabilities over a period not to exceed 30 years, with an assumption that payroll increases by 4% per year.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include economic assumptions; benefit assumptions and demographic assumptions. Economic assumptions include the discount and health care cost trend rates. Benefit assumptions encompass the initial per capita costs rates for medical coverage. Finally, demographic assumptions include probabilities concerning retirement, mortality, termination without being eligible for benefits, disability, participation rates and coverage levels were based on those used to value the New Jersey State Health Benefits Program. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and included the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the 2014 actuarial valuation, the projected unit credit method was used. Under this method, the present value of benefits was allocated uniformly over an employee's expected working lifetime.

The actuarial assumptions per the 2014 valuation include a 2.50% anticipated rate of return on investments. For medical benefits, the initial rate utilized is 9.0% or 8.0% (depending on medical plan) and decreases to a 5.0% long-term trend rate for all medical benefits after 10 years. For prescription drug benefits, the initial trend rate is 10.0%, decreasing to a 5.0% long-term trend rate after 10 years. For Medicare Part B reimbursements, the trend rate is 5.0%.

Note 9: Post-Retirement Medical/Dental (Cont'd)

Annual OPEB Cost per Actuarial Valuation

The December 31, 2016 actuarial valuation report was not available as of the date of this report. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contribution to the plan and the Town's obligation to the Plan at December 31, 2014, 2015 and 2016:

Benefit Obligations and Normal Cost

	Valuation December 31,				
	2014	2015	2016

N/A - Since it has fewer than 200 plan members, the Town follows the three year rotation cycle. The tables above indicates N/A in the year when the valuation report was not available.

Note 10: <u>Risk Management</u>

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property, Liability and Workers' Compensation

The Town of Dover is a member of the Morris County Municipal Joint Insurance Fund. This fund is both an insured and self-administered group of municipalities established for the purpose of providing certain low-cost insurance coverage for member municipalities in order to keep local property taxes at a minimum.

The following coverages are offered by these funds to its members:

- a.) Workers' Compensation and Employers' Liability
- b.) Liability Other Than Motor Vehicles
- c.) Property Damage Other Than Motor Vehicles
- d.) Motor Vehicle
- e.) Public Officials' Liability Coverage
- f.) Environmental Coverage

Members of the Morris County Municipal Joint Insurance Fund are also members of the Municipal Excess Liability Joint Insurance Fund which provides excess insurance for each of the coverages noted above, except for excess property coverage which is purchased by the Morris County Municipal Joint Insurance Fund from a commercial carrier.

As a member of the Fund, the Town could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

The Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. The members may either receive payment or offset their subsequent year assessments with their respective share of the distribution.

TOWN OF DOVER NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2016 (Continued)

Note 10: Risk Management (Cont'd)

The 2016 audit report was not available as of the date of this report. Selected, summarized financial information for the Morris County Municipal Joint Insurance Fund as of December 31, 2015 is as follows:

	Μ	Iorris County unicipal Joint surance Fund
Total Assets	\$	24,775,454
Net Position	\$	8,631,831
Total Revenue	\$	17,342,912
Total Expenses	\$	17,891,105
Change in Net Position	\$	(548,193)
Members Dividends	\$	-0-

Financial statements for the Funds are available at the offices of the Fund's Executive Director:

PERMA Risk Management Services 9 Campus Drive, Suite 216 Parsippany, NJ 07054 (201) 881-7632

The Town of Dover is also a member of the North Jersey Municipal Employee Benefits Fund. This fund is both an insured and self-administered group of municipalities established for the purpose of providing certain employee benefits for member municipalities in order to keep local property taxes at a minimum.

The following health benefit coverages are offered by this fund to its members:

- a.) Medical
- b.) Prescription
- c.) Dental

As a member of this Fund, the Town could be subject to supplemental assessments in the event of deficiencies. If the assets of the Fund were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities.

This Fund can declare and distribute dividends to members upon approval of the State of New Jersey Department of Banking and Insurance. These distributions are divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. The members may either receive payment or offset their subsequent year assessments with their respective share of the distribution.

Note 10: Risk Management (Cont'd)

New Jersey Unemployment Compensation Insurance

The Town has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Town is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Town is billed quarterly for amounts due to the State.

The following is a summary of the Town and employees' contributions, interest earned, reimbursements to the State for benefits paid and the ending balance of the Town's expendable trust fund for the current and previous two years:

Year	-	Fown ributions	nterest Earned	Employee ntributions	Amount eimbursed	 Ending Balance
2016	\$	-0-	\$ -0-	\$ 9,533.42	\$ 12,477.26	\$ 41,422.62
2015	1	6,019.00	-0-	25,906.69	35,453.84	44,366.46
2014		5,740.00	-0-	15,921.50	14,982.15	37,894.61

Note 11: Contingencies

The Town is periodically involved in lawsuits arising in the normal course of business, including claims for disputes over contract awards. In the opinion of management, the ultimate outcome of these lawsuits will not have a material adverse effect on the Town's financial position as of December 31, 2016.

The City of Jersey City and the Jersey City Municipal Utilities Authority (the "plaintiffs") are currently members of the Rockaway Valley Regional Sewerage Authority ("RVRSA"), as is the Town as well as a number of Morris County municipalities. A lawsuit was filed in a prior year by the City of Jersey claiming that they have 1) no obligation to contribute to the RVRSA's capital costs; 2) that the 1984 settlement agreement among the parties is void or in the alternative that it be reformed to decrease the plaintiffs' share of the costs and 3) damages for what plaintiffs contend was an incorrect assessment of capital costs. A motion for partial summary judgement was granted to the member municipalities of the RVRSA finding that Jersey City's obligation to pay for operating costs, maintenance, and repairs must continue. However, the City of Jersey City has added another claim to its lawsuit asserting that the terms of the 1971/1984 agreements should be interpreted to mean that the City of Jersey City's obligation to make payments should end now or in the very near future. The parties to this lawsuit are currently in mediation with respect to the amended lawsuit. If the lawsuit is successful and the City of Jersey City is successful in its lawsuit, the contributions by the Town to the RVRSA would increase significantly. However, an estimate of the impact on future RVRSA contributions to be paid by the Town cannot be determined at this point.

The municipality has been advised that a number of tax appeals have been filed. Potential refunds on tax appeals could be as much as \$120,000. A reserve for pending tax appeals in the amount of \$120,000 has been recorded as a liability as of December 31, 2016.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Town as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Town officials expect such amounts, if any, to be immaterial.

Note 12: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at December 31, 2016:

Fund	Interfun Receivab	
Current Fund	\$ 3,64	6.20 \$ 422,577.71
Federal and State Grant Fund	128,48	1.71
Animal Control Fund		3,646.20
Other Trust Funds	294,09	6.00
Parking Utility Operating Fund	68	5.00
Parking Utility Capital Fund		685.00
	\$ 426,90	8.91 \$ 426,908.91

There was interfund activity throughout the year in the Town of Dover. The interfund receivable in the Current Fund is for the statutory excess of Animal Control funds due to the Current Fund at year end. The interfund receivable in the Federal and State Grant Fund is comprised of grant revenue received in the Current Fund and due to the Federal and State Grant Fund. The interfund receivable in the Other Trust Funds is comprised mostly of the tax sale premiums collected in the Current Fund which were not turned over to the Other Trust Funds by year end.

TOWN OF DOVER NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2016 (Continued)

Note 12: Interfund Receivables and Payables (Cont'd)

The interfund receivable in the Water Utility Operating Fund is due to accrued interest on bonds due from the Water Utility Capital Fund.

Note 13: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2016, the following deferred charges are shown on the balance sheet of the Current Fund:

	Balance Dec. 31, 2016		20	Required 17 Budget propriation	to	ance Deferred Succeeding ars' Budgets
Current Fund:						
Special Emergency Authorization -						
Hurricane Sandy	\$	15,000.00	\$	15,000.00		
Special Emergency Authorization -						
Library Damage		29,761.09		14,880.54	\$	14,880.55
Special Emergency Authorization -						
Reassessment		160,000.00		40,000.00		120,000.00
	\$	204,761.09	\$	69,880.54	\$	134,880.55

The amounts appropriated in the 2017 budget is not less than the amount required by statute.

Note 14: Economic Dependency

The Town receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Town's programs and activities.

Note 15: Deferred Compensation

The Town offers its employees a choice of two deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, which are administered by the entities noted below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are Nationwide Retirement Solution, Transamerica Life Insurance and Valic.

TOWN OF DOVER NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2016 (Continued)

Note 16: Fixed Assets

The following schedules are a summarization of general fixed assets for the years ended December 31, 2015 and 2016:

	Bala Decem 20	ber 31,	A	dditions	I	Deletions	D	Balance ecember 31, 2016

	\$ 14,9	58,827	\$	411,823	\$	2,685	\$	15,367,965
	Bala Decem 20	ber 31,	A	dditions	E	Deletions	D	Balance ecember 31, 2015
Land	\$ 4,1	05,200					\$	4,105,200
Buildings	2,3	26,500						2,326,500
Machinery and Equipment	83	10,094	\$	528,571	\$	311,538		8,527,127
Maemmery and Equipment	0,5	10,074	Ψ	520,571	Ψ	511,550		0,027,127

Note 17: Tax Abatements

During the year ended December 31, 2016, the Town implemented Governmental Accounting Standards Board (GASB) Statement 77, *Tax Abatements*, which requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

As of December 31, 2016, The Town provides a tax abatement to a nonprofit housing corporation for its senior citizen housing development in the Town pursuant to the authority contained in Section 5 of the Senior Citizens Nonprofit Rental Housing Tax Law (N.J.S.A. 55:14I-5) (the "Law") and a resolution of the governing body dated July 10, 2014 and an agreement dated July 16, 2014. In consideration of the full abatement of taxes, the nonprofit housing corporation is required to pay to the Town an annual service charge. The annual service charge made by the nonprofit corporation will be equal to 15% of the annual gross rents derived from such housing project as detailed in the tax abatement agreement. The tax abatement provided under the agreement shall be terminated when the nonprofit corporation or it successors and the development cease to remain subject to the provisions of the Law or a period of not more than 50 years from the effective date of the tax exemption, whichever event occurs first.

The Town recognized revenue in the amount of \$181,232 from this annual service charge or payment in lieu of taxes which is recorded as a miscellaneous revenue anticipated in the Current Fund. The taxes which would have been paid on this property for 2016 without the abatement would have been \$203,810 of which \$94,608 would have been for the local municipal tax, minimum library tax and municipal open space tax.

SEE THE ACCOMPANYING NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS

TOWN OF DOVER NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED DECEMBER 31, 2016

Note 1: <u>BASIS OF PRESENTATION</u>

The accompanying schedules of expenditures of federal and state awards (the "Schedules) include the federal and state grant activity of the Town of Dover under programs of the federal and state governments for the year ended December 31, 2016. The information in these schedules is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and New Jersey's OMB Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Because the schedules present only a selected portion of the operation of the Town, they are not intended to and do not present the financial position, changes in fund balance or cash flows of the Town.

Note 2: SUMMARY OF SIGINFICANT ACCOUNTING POLICIES

Expenditures reported on the accompanying schedules of expenditures of federal and state awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through identifying numbers are presented where available. Negative amounts, if any, shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through identifying numbers are presented where available. The Town has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Note 4: NEW JERSEY ENVIRONMENTAL INFRASTRUCTURE LOANS

The Town of Dover has the following loans outstanding as of December 31, 2016:

Water Utility Capital Fund: NJ Environmental Infrastructure Trust Loans

\$ 589,246.74

The projects which related to the loans are complete and there were no current year receipts or expenditures on the loans.

Independent Auditors' Report

The Honorable Mayor and Members of the Board of Aldermen Town of Dover Dover, New Jersey

We have audited in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements - *regulatory basis* - of the various funds of the Town of Dover, in the County of Morris (the "Town") as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements and have issued our report thereon dated April 6, 2017. These financial statements have been prepared in conformity with accounting practices prescribed or permitted by the Division to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

4

The Honorable Mayor and Members of the Board of Aldermen Town of Dover Page 2 April 6, 2017

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mount Arlington, New Jersey April 6, 2017 NISIVOCCIA LLP

John J. Mooney,

Registered Municipal Accountant No. 500 Certified Public Accountant

TOWN OF DOVER SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2016

Summary of Auditors' Results:

- The Independent Auditors' Report expresses a unmodified opinion on the Town's financial statements, prepared in accordance with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to demonstrate compliance with the Division's regulatory basis of accounting and the budget laws of New Jersey.
- There were no material weaknesses or significant deficiencies disclosed during the audit of the financial statements as reported in the *Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.*
- No instances of noncompliance material to the financial statements of the Town which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
- The Town was not subject to the single audit provisions of the Uniform Guidance and New Jersey OMB's Circular 15-08 for the year ended December 31, 2016 as both state and federal grant expenditures were less than the single audit thresholds of \$750,000 identified in the Uniform Guidance and NJOMB 15-08.

<u>Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally</u> Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards.

Findings and Questioned Costs for Federal Awards:

- Not Applicable – Grant expenditures were below the single audit threshold.

Findings and Questioned Costs for State Awards:

- Not Applicable – Grant expenditures were below the single audit threshold.

<u>TOWN OF DOVER</u> <u>SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS</u> <u>FOR THE YEAR ENDED DECEMBER 31, 2016</u>

There were no prior year findings.

TOWN OF DOVER

<u>PART III</u>

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2016

TOWN OF DOVER COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection b. of Section 9 of P.L. 1971, C.198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, C.198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L.1999, C.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, C.198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S.A. 40A: 11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsections b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective July 1, 2015 and thereafter the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$17,500, and with a qualified purchasing agent the threshold may be up to \$40,000.

The governing body of the Town of Dover has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Town Attorney's opinion should be sought before a commitment is made.

TOWN OF DOVER COMMENTS AND RECOMMENDATIONS (Continued)

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services".

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or sewer transmission fees on or before the date when they would become delinquent.

On January 1, 2016, the governing body adopted a resolution authorizing interest to be charged on delinquent taxes and delinquent sewer transmission fees as follows:

8% per year on sums up to \$1,500.00 and 18% per year on the portion of tax and sewer transmission delinquencies in excess of \$1,500.00 to be calculated from the date the tax and sewer transmission fees were payable until the date of actual payment.

In addition, the governing body adopted a resolution authorizing penalties to be charged on delinquent taxes as follows:

"WHEREAS, Chapter 75 "Laws of 1991" authorizes the Governing Body to fix a 6% penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00, and who fails to pay said delinquency prior to year end closing, and

"WHEREAS, said penalty is to be calculated with interest included in the total delinquency."

It appears from tests of the Collectors' records that interest was collected in accordance with the foregoing resolutions.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

Туре	Number Mailed
Deciment of 2016 and 2017 Taxon	20
Payment of 2016 and 2017 Taxes Delinquent Taxes	20
Payment of 2016 and 2017 Water Rents	10
Payment of 2016 and 2017 Sewer Rents	10
Delinquent Water Rents	10
Delinquent Sewer Rents	10
Tax Title Liens	3

TOWN OF DOVER COMMENTS AND RECOMMENDATIONS (Continued)

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 6, 2016 and all eligible properties were included.

The following comparison is made of the number of tax liens receivable on December 31 of the last three years:

Year	Number of Liens
2016	26
2015	26
2014	26

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

Municipal Court

The Town of Dover is the host of a joint municipal court. The joint municipal court serves the Town of Dover, Borough of Rockaway, Mt. Arlington Borough, the Borough of Victory Gardens, and the Borough of Wharton. A summary of the transactions of the Municipal Court for the year 2016 is as follows:

RECEIPTS AND DISBURSEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

	Balance Dec. 31, 2015	Cash Received	Cash Disbursed	Balance Dec. 31, 2016	
State of New Jersey	\$ 35,599.42	\$ 453,050.54	\$ 456,685.78	\$ 31,964.18	
County	21,187.27	255,913.55	262,054.07	15,046.75	
Municipality	74,279.31	872,451.61	883,247.85	63,483.07	
Municipality - POAA	242.00	2,430.00	2,516.00	156.00

Bail Account	18,198.00	173,423.69	163,236.69	28,385.00	
	\$ 159,416.00	\$ 1,853,248.69	\$ 1,869,080.69	\$ 143,584.00	

Status of Prior Year Recommendations

The Town has initiated a corrective action plan to resolve comments and recommendations from the 2015 audit report and the recommendations regarding sewer deposits and fixed assets have been corrected in 2016.

TOWN OF DOVER COMMENTS AND RECOMMENDATIONS (Continued)

Management Suggestions

Collective Bargaining Unit Contracts

During the course of our audit, it was found that although the appropriate salaries were paid in accordance with the salary resolution, there were not signed contracts in place for all collective bargaining agreements groups. It is suggested that the Town maintain signed copies of all contracts from the respective bargaining units.

Collection of Parking Revenues from Kiosks

During the course of our audit, it was noted that the collections being made from the parking kiosks are not being deposited by the third party contractor in a timely manner from when the funds are collected. It is suggested that the collections from the kiosks are deposited in a timely manner after being collected.

Governmental Accounting Standards Board Statements

The next Governmental Accounting Standards Board ("GASB") statement which will have a significant impact on the Borough will be GASB No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, will be effective for the fiscal year ending June 30, 2018. This standard replaces GASB No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. It is similar to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, in that successful implementation of this standard will require the provision of certain key financial and non-financial information from the State of New Jersey.

It is recommended that:

None.
