

NEW 2021 Curbside Leaf Vacuum Collection

- Leaf collection starts Monday, October 18th to Friday, December 17th (See your Section schedule).
- Leaves will be vacuumed weekly per Section. (Locate your "Section" from the Street Listing and follow the schedule below for collection dates).
- Leaves can be placed at least seven (7) days curbside prior to the start of your collection week.
- For a clean sweep of leaves, move all vehicles off the road on your collection days.
- Rake leaves about one foot from the curb to ensure equipment will collect all leaves and helps prevent flooding by allowing storm water to move to the storm drains.
- Keep leaves at least 10 feet away from sewer grates and storm drains.
- DO NOT MIX branches, hedge clippings, brush, or grass clippings with the loose leaves. Keep brush items in a container for separate collection dates.
- Due to unforeseeable variables, routes may be delayed or ahead of schedule.
- DPW appreciates your patience and understanding during the collection time.
