

When his son gets a school assignment on heroes, John seizes the chance to teach him all about the great figures of the Latino world. But once he sets out on his irreverent crash course across three continents and 3000 years of history – from conquistadores to cumbia, Montezuma to Menudo, and taking on the characters in all of it – he uncovers provocative truths that shock even him.

No children under 15 years of age allowed.
