AGENDA ITEMS:

1. Approving Bills List
2. Approving Personnel Action – Richard Cloughley, Fire Official
3. Approving Interlocal Health Service Agreement
4. Rejecting Bid for the Low Service Area Reservoir Rehabilitation
5. Appointing Special Police Officers – Class I

Mayor Dodd provided a brief description of the Interlocal Health Service Agreement with the Township of Mt. Olive. The agreement will provide:

- A Health Officer that will be available 24 hours a day/7 days and personally in town several hours per week,
- A Health Inspector will be available 10-12 hours or 1½ days per week,
- Mr. Don Costanzo will be returning on a part-time basis to assist with the transition process.

Mayor Dodd noted that the agreement will provide an increase in inspections and provide better service to the residents with a cost savings of \$50,000 per year. Mayor Dodd provided the public with some of the terms of the contract.

Administrator Close expressed that the town is very fortunate to have someone of Mr. Wilpert's caliber. Mr. Close noted that the shared service agreement will provide a reduction in cost and an increase in service.

Mr. Wilpert introduced himself and provided some background on his experience. He looks forward to working with Dover and is excited about the opportunity.

Alderman Visioli noted that Mr. Wilpert's possess credentials that the town is looking for and he looks forward to a working relationship.

Mayor Dodd thanked Donald Costanzo for all the years that he put into the Town of Dover and thanked the Personnel Committee and Mr. Close for researching the shared service agreement.

Mayor Dodd asked the board if they had any questions regarding the agenda.

Mayor Dodd commented that Alderwoman Blackman is being honored at the National Organization of Black Law Enforcement Executives, the 4th Annual Black History Month Celebration on February 22nd which is the reason for the meeting change. Mayor Dodd will be attending and encouraged the board members to attend.

Ordinance # 01-2011 – Parking on Palm Street during and after snow storms

Mayor Dodd explained that he was approached by residents of Palm Street to look into “no parking during and after snow storms” for the mentioned street. He explained the findings which were provided by the Engineering Department and Police Department.

Alderman Timpani advised Mayor Dodd that the alderman of the 4th ward and residents on Palm Street were not notified of the request. He expressed that in 2009 the parking committee worked on a “no parking during and after snow storms” survey and the survey was never reviewed.

Mayor Dodd expressed that Alderman Timpani is corrected about the survey but feels that one street should not suffer because the committee has not made a decision to make a recommendation to the entire board. This is a substandard street that needs to be addressed.

Mr. Pappadopoulos (10 Palm Street) commented on the conditions of the street during snow storms and expressed that he had asked for the ordinance.

Alderman Poolas noted that the survey was turned over to the board and it sat on deaf ears. He feels that passing the ordinance without the consensus of the residents is wrong. Alderman Poolas provided other suggestions because he believes the parking issues go beyond snow storms. Alderman Poolas feels that the alderman of that ward should have been afforded the opportunity to know about the request.

Mayor Dodd commented that the purpose of the agenda is for the aldermen to review the material and call if there are any questions.

Alderman Timpani commented that the problem would be resolved if the employees from the Mayor's business would park elsewhere. Mayor Dodd noted that it's a public street and anyone can park on any street in the Town of Dover. He expressed that the ordinance would not benefit his business but feels that it should be on the agenda because it was a request from a resident.

Alderman Visioli commented that the 4th ward aldermen did not make any phone calls to the Administrator, Clerk or the Mayor about their concern regarding the ordinance. Alderman Visioli believes it's a political issue.

Mayor Dodd suggested the ordinance be tabled but the idea was rejected by Alderman Poolas. Mayor Dodd has no problem talking to the residents of Palm Street and the request will be looked at a later date.

Alderman Timpani wanted clarification on the definition of a Special Police Officer Class I, specifically, if they carry a gun. Mr. Close clarified that Special Police Officer Class I does not carry a gun.

Alderman Timpani asked several questions on the role of the Special Police Officer in the Town of Dover. Aldermen

Timpani requested hiring Police Officers instead of Special Police Officers.

Mayor Dodd commented that the recommendation for Special Police Officer came from the Chief of Police and Mayor Dodd noted some of the benefits of hiring them. Mayor Dodd agrees that Police Officers are needed in every town but the funding is not available. Alderman Timpani questioned the residency of the Special Police Officer. Mayor Dodd reiterated that the request came from the Chief of Police. Mayor Dodd commented that the appointment has many benefits at a fraction of the cost.

Alderwoman Romaine wanted to know if the position included health benefits. It was clarified that no health benefits would be offered for Special Police Officers.

Alderman Picciallo wanted the Police Committee to meet with the Chief of Police, Captain Ugalde, Mr. Close and the Mayor Dodd to discuss the resolution. He feels that the police committee should have all the details prior to making a decision.

Mayor Dodd commented that Alderman Picciallo has the opportunity to speak with the Chief of Police but can not give a directive to the police department. He expressed that the board can not tell the Chief of Police how to operate his department.

Alderman Visioli and Alderman Timpani had a dialogue about the scheduling of committee meetings. Mr. Close commented that any questions or concerns need to go through him who in turn would forward the question or comment to the head of that department. Attorney Pennella noted that when dealing with the police department all questions have to go through the appointing authority, Mr. Close. Attorney Pennella noted that the Mayor has a different standing.

PUBLIC COMMENTS – Three Minutes per Person

EMILIANO LEMOS – 48 Second Street – Mr. Lemos explained that he received complaints from neighbors regarding Mayor Dodd pushing his snow from his property to the corner of Richards Avenue and Palm Street, making it difficult for commuters to see when turning. Mr. Lemos noted that the other concern was the oil and other elements that were pushed with the snow, making it a hazardous condition. Mayor Dodd commented that Mr. Lemos' attendance at the town meetings was for political gain for him and for the people he's associated with. Mayor Dodd noted that the snow was placed, temporarily, on the corner but then removed and placed behind 7 Palm Street (Mayor Dodd's property). Mayor Dodd noted that he is one of the originators of an organizations called "NJ Green Automotive Repair Program" that has been recognized by the State of NJ and NJ Department of Environmental Protection for promoting green automotive practices. He expressed that he runs the cleanest and most efficient auto repair business in the State of NJ and feels that Mr. Lemos' comments are an insult.

MICHAEL DELVECCHIO – 213 Park Heights Avenue – Mr. Delvecchio expressed his concern and frustration with the traffic on Park Heights which is caused by the Route 46 Bridge construction. Mr. Delvecchio commented that his garbage hasn't been picked up because the garbage truck started at an earlier time than usual. Mayor Dodd explained that the time has not been changed and they will contact Blue Diamond to find out the reason for their early start. Mr. Delvecchio noted that the Water Dept. did a great job plowing Park Heights Avenue but wanted to know why they didn't have salt on their trucks. Mr. Delvecchio provided his parking suggestions for Park Heights Avenue, during snow covered days. Alderman Poolas explained that the Parking Committee's recommendation was to make Park Heights Avenue "no parking on either side during snow covered" with some exceptions. Mayor Dodd expressed that he will be prepared to move an ordinance forward and clarified that the ordinance has to be consistent and complete for the town, certain properties can not be exempt just because they don't have driveways. Mayor Dodd explained the pros and cons of the snow ordinance. Mr. Delvecchio suggested alternate side parking for Park Heights.

LARRY SUITT – 205 Richards Ave – Mr. Suitt wanted clarification on the signs for alternate side parking (ordinance for snow covered). Attorney Pennella provided clarification on the ordinance. Mr. Suitt noted that the signs cause confusion and suggested a "two day cycle" sign.

JIM BOCHINNO – Park Heights Avenue – Mr. Bochunno commented that the town could do a better job by moving the snow back further and suggested the Park Heights Avenue must be repaved. Mr. Close expressed that the department of public works did an outstanding effort with the circumstances, record snow amounts in 60 years. Mr. Downs expressed that he and the Mayor will take a look at Park Heights Avenue.

TIM DOWNS – N. Sussex Street – Mr. Downs mentioned that traffic on North Sussex Street has been moving smoothly since the police officers started directing traffic.

EMILIANO LEMOS – 48 Second Street – Mr. Lemos commented that the fire department had a raffle without a permit. Attorney Pennella is not aware of the facts and can not comment, he noted that he would review the matter.

Mayor Dodd asked Mr. Lemos for the names and number of the people that complained about the snow removal. Mr. Lemos preferred not to give that information.

Motion to adjourn made by Alderwoman Romaine at 8:51 p.m., and duly seconded by Alderman Visioli passed by the following voice vote.

Ayes: Aldermen Delaney, Poolas, Visioli, Picciallo, Timpani, Romaine, Blackman, Downs and Mayor Dodd
