

A. Landscape: Images must contain landscapes, whether urban or rural, of Dover, where it clearly reflects what Dover is and what it represents.

B. Ecology: the images must show the plant and animal wealth of the area or the interaction between the community and its natural and ecological environment.

Symbiotic enhancement between man, animals, pets, nature and city.

C. Sport - Images showing sporting or recreational activities in different areas of Dover or connected to Dover.

D. Free photo: this category enables a creative composition of color and texture that pleases the artist, but ultimately identifies Dover, its essence, its culture, its reality.
